

WELCOME

Founded by Mike Hale in 1983, Hale's Ales has been continuously owned and operated as an independent brewery longer than any other in the Pacific Northwest. Hale's built its long-standing reputation by brewing small batch, full flavored ales using traditional English brewing methods. An innovator from the start, Hale's was the first craft brewery to introduce Seasonal, Cask Conditioned, and Nitrogen Conditioned Ales to the region. Hale's goal is to stay true to what the craft brewing "revolution" is all about: producing and serving fresh, locally brewed ales of the very finest quality.

YEAR ROUND BREWS

Bigger and bolder than your everyday amber ale. More hops, more malt, more flavor. Heck, it's almost like getting two beers for the price of one. Red Menace "Big Amber" is out to revolutionize the world of amber ales ~ one pint at a time! Join the party!

Kölsch German Style Ale is a refreshing golden ale. It is fermented using a genuine Kölsch yeast, then cold lagered. The result is a delicious, light ale that shares many flavor characteristics of a traditional pilsner. The cold lagering of the finished ale produces its crisp, clean taste.

First brewed on July 4, 1983, Hale's Pale Ale is the brewery's flagship, and the Northwest's premier pale ale. Hale's Pale strikes a delicate balance of malts and hops, and is embellished by the distinctive fruitiness of the brewery's special yeast. A classic!

Mongoose I.P.A. This version of the classic style is a true "beer-lover's beer" -- big malt body, spicy hop character, and an enticing floral aroma. Truly a mouthful of everything good in beer.

"NITRO" CREAM ALES

Hale's Cream Stout is chocolately, slightly sweet, with a subtle "coffee-like" flavor. The use of several varieties of dark malts help achieve a complex roundness. This jet black brew goes well with a hearty dinner, or is great as a meal in itself.

INSPIRED BY THE FAMOUS NITROGEN CONDITIONED ALES OF IRELAND, THESE BREWS HAVE AN AMAZINGLY SILKY SMOOTH TEXTURE

Hale's Cream Ale is a nicely balanced blonde ale with very smooth texture. Its nitrogen conditioning produces a creamy head that is as fascinating to watch form as it is delightful to sip.

Hale's Special Bitter is a complex, deep amber colored ale that blends a silky smooth body with intriguing hop aroma. "H.S.B." closely emulates the famous "special bitters" of Great Britain.

TASTER (5 oz.) ~ \$1.35
 PINT (16 oz.) ~ \$4.25
 PITCHER ~ \$17.00

SCHOONER (10 oz.) ~ \$2.75
 IMPERIAL PINT (20 oz.) ~ \$5.00

Hale's Serves Imperial Pints Unless Other Sizes are Specified
