

The Brewmaster's Favorite...

HALE'S SPECIAL BITTER (H.S.B.)

Style: Brewed in the classic style of British 'Special Bitters', and poured "Dublin Style"

Taste: Complex, copper colored and served "Dublin Style" (nitrogen conditioned) for a silky smooth body and creamy head. Herbal & aromatic, Hale's Special Bitter is excellent with food or as a meal in itself.

Serving Suggestions: Ideal with pork or poultry dishes, a nice complement to any seafood entree.

History: Introduced in 1984, Hale's second brew was crafted along the lines of another fine "HSB" - Horndean Special Bitter, from Gale's Ales in Southern England. Gale's is the brewery at which Mike Hale spent time during his brewing apprenticeship, learning the methods of traditional English ale brewing.

Point of Sale: Table tents and banners

Ingredients: Pale malted barley, Crystal & Black malts, Cluster, Nugget & Mount Hood hops, yeast, and water.

Original Gravity: 1.047
